COURSE DESCRIPTION:

Islam is a religion for Muslims, which teaches a whole way of life. In this course we will examine about Islamic beliefs and will learn about Allah about the universe its creator and about the creations. We will study about different Prophets their way of life and Sunnah of Prophet Muhammad(PBUH) and will learn about the Quran which is full of lessons and guidance. We will learn few chapters of the Quran and its teachings.

GENERAL COURSE LEARNING OBJECTIVES:

- Documenting the student's relevance to the Holy Qur'an as the first source of knowledge, behavior, values, taste and beauty to build a Qur'anic mentality and psyche.
- To establish the value of worship - in its broad and comprehensive sense of all human

activities and behaviors - as a higher purpose for the existence of man in this world, and as an end around the life of the individual and society.

- To document the student's connection to the Prophetic Sunnah as the second source of the legislation, the book and the interpretation of the provisions of the Quran, rules, knowledge, values and behavior.
 - To establish awareness of the issues of faith based on a reliable relationship between the Muslim man and the unseen world in all its components and elements.
 - Develop a critical mind that is always looking for truth, looking for certainty, acting accordingly, and aware that systematic thinking is the only way to gain a firm knowledge of everything related to religion.
 - To Consolidate the system of individual and collective values as a center around which the whole message and guidance of Islam revolves.
 - Consolidate the concept of etiquette in the mind of the student and train him to practice these arts in his daily life, whether by himself or with the surrounding society.
 - Achieving full knowledge of Shari'a, with the need to link the provisions of the provisions of Sharia, and the wisdom of the street, and then directed towards building a human being
 - A moderate Muslim in his thought, appearance, and behavior to set an example for others in his behavior and transactions.
 - Plant the love of the Prophet in the heart of the student, through the experience of the biography of the Prophet in the rhythms of daily life in all aspects of human life.
 - Human models throughout Islamic history from the era of the Sahaabah to the present represent an example in which the student finds an investigation and the realization of the values and ideals of Islam.
 - Deepening belonging to the homeland (United Arab Emirates) as part of the Arab and Islamic world through the building of an effective mental and psychological mentality
 - Is able to positively influence the building and development of its society to preserve its identity, activate its role and secure its future.
- The formation of a Muslim person capable of recognizing human diversity and its necessity, and better dealing with those who violate his beliefs in color, language or gender, and believes
- That all human beings are either brothers in faith or equivalent in creation and have sanctity and sanctity of humanity imposed by God Almighty for every human soul insured and uninsured.
 - Strengthening the relationship of the student to the universe and the environment surrounding it; to build a positive relationship with them based on the foundations of Islam and its principles in dealing with what God used in the universe,
 - To preserve, not to waste, destroy or destroy it, and to realize its material and aesthetic value to humanity in general.
