QUESTION BANK

GRADE 2

Dear Parents,

We hope this message finds you well.

As we approach the end of the semester, we would like to clarify the purpose of the **Bank of Questions** that is shared in this exam guide. This resource is designed **only as a supplementary tool** to support practice and reinforce understanding.

Please note that **the questions in the Bank of Questions are not the same as the questions that will appear on the exam**. It is provided **only as a supplemental practice resource** to help students review key skills and concepts.

The **required end-of-semester material** remains the **primary and essential study guide** for all students. We encourage students to study the required material thoroughly and use the question bank as an additional tool—not as their only preparation.

Thank you for your continued support.
