QUESTION BANK

GRADE 4

Dear Parents,

We hope this message finds you well.

As we approach the end of the semester, we would like to clarify the purpose of the **Bank of Questions** that is shared in this exam guide. This resource is designed **only as a supplementary tool** to support practice and reinforce understanding.

Please note that **the questions in the Bank of Questions are not the same as the questions that will appear on the exam**. It is provided **only as a supplemental practice resource** to help students review key skills and concepts.

The **required end-of-semester material** remains the **primary and essential study guide** for all students. We encourage students to study the required material thoroughly and use the question bank as an additional tool—not as their only preparation.

Thank you for your continued support.

School Administration

السادة أولياء الأمور،

نرجو أن تكونوا بخير.

مع اقتراب نهاية الفصل الدراسي، نود أن نوضح الغرض من بنك الأسئلة المرفق في دليل الامتحان. هذا المصدر مُعد فقط كأداة إضافية للمراجعة وتعزيز الفهم.

يرجى الملاحظة أن الأسئلة الموجودة في بنك الأسئلة ليست هي نفسها الأسئلة التي ستُرد في الامتحان. فهو يُقدَّم فقط كمورد تدريبي إضافي لمساعدة الطلاب على مراجعة المهارات والمفاهيم الأساسية.

تظل الدروس المطلوبة لنهاية الفصل الدراسي هي المرجع الأساسي والرئيسي لجميع الطلاب. ونشجع الطلاب على دراسة الدروس المطلوبة بشكل معمق، واستخدام بنك الأسئلة كأداة مساندة فقط.

شكرًا لكم على دعمكم المستمر.

مع التحية،

إدارة المدرسة

Section A: Reading

Read the passages and answer the questions that follow.

How can you cut down on costs and waste but stay hydrated and healthy? If you live in an economically developed country such as the United States, your home will have a fresh water supply—and it is probably cleaner and safer than bottled water. In some areas, the water is safe but does not taste good. You could talk to your family about buying a water filter to make tap water taste better.

Q1. Who is the author writing to in this text?

1. People who do not have clean water
2. Families and people who want to save money and stay healthy
3. Workers in water factories

Q2. What does “hydrated” mean?

1. Having enough water in your body
2. Feeling tired and sick
3. Drinking unhealthy drinks

Q3. What is the author’s claim (main idea)?

1. Bottled water is always safer than tap water
2. Buying a water filter is very expensive
3. Tap water can help save money and still keep people healthy

Q4. Which reasons from the text support the author’s idea?

- Tap water is usually cleaner and safer than bottled water.
- A water filter can make tap water taste better.

Novel: Tales of a Fourth Grade Nothing.

I liked the way Dr. Brown tricked Fudge into opening his mouth. So when he was through examining him I whispered, "Couldn't you make Fudge some false teeth... until his grown-up ones come in?" 38 "No. He'll just have to wait," Dr. Brown said. "But he looks like he has fangs," I told him. "You'd better not say that in front of your mother," Dr. Brown said. "I know it. She's not too big on fangs!" Dr. Brown thanked me for helping him. My mother made another appointment for Fudge. The nurse kissed my brother good-bye and we left. "That wasn't so bad, was it, Peter?" my mother said. "It could have been worse," I admitted.

Q5. Match the character to what they did.

Character	Action
1. Dr. Brown	a. Made another appointment for Fudge 3
2. Peter	b. Thanked Peter for helping 1
3. Peter’s mother	c. Asked about false teeth 2

Q6. Why did Peter think Fudge looked like he had fangs?

1. Fudge was growling like an animal
2. Fudge had missing teeth with two teeth sticking out
3. Fudge was pretending to be a vampire

Q7. What are two things that happened at Dr. Brown’s office?

Dr. Brown examined Fudge and finished checking his teeth.

The nurse kissed Fudge goodbye and the family made another appointment.

Unseen Passage — " The Hidden Dangers of Waste"

When products are thrown away, they often end up in landfills. These are places where trash is buried in the ground. Other trash items are burned in incinerators. 8 Landfills and incinerators cause problems for our planet. For instance, when paper rots in landfills or burns in incinerators, it sends out greenhouse gases. These gases trap heat in Earth’s atmosphere. Greenhouse gases are important because they make our planet warm enough for life. But too much greenhouse gas leads to higher temperatures.

Q8. Products that are thrown away may end up either in landfills or incinerators. True / False

Q9. Greenhouse gases are always harmful to Earth and should not exist in the atmosphere True / False
